REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is that no prior art of record discloses or renders obvious a process wherein a pitch having a softening point of from 70 to 160° C is heated in a vessel to a temperature in the range of 300 to 600° C and at a pressure of less than 5 torr to produce a distillate which has a softening point of from 25-60° C and being quinoline insoluble-free and ash-free. The distillate is then heated to a temperature in the range of 370 to 595° C for between three and forty hours.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tam M. Nguyen whose telephone number is (571) 272-1452. The examiner can normally be reached on Monday through Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Glenn Caldarola can be reached on (571) 272-1444. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
